CITY OF ST. REGIS PARK NEWSLETTER September 2024

Number 9

Greeting everyone, I hope this letter finds you all enjoying the cooler temperatures as mother nature gives us a glimpse of fall. With fall days settling in, more and more of you will be taking to the streets to walk, bike, and other activities. Please be aware of your surroundings by walking on the side of street with oncoming traffic and look for vehicles stopped or moving through intersections when biking. We have had several residents report close calls with cars and bikes over the years so please do your best to look out for one another, especially at intersections.

I would like to give a big shout out to the administration at Greathouse for the improvements we have seen this year in some of the traffic issues experienced last year. The earlier dismissal time and changes in traffic directions for parent pick-up have shown huge improvement. I think we can agree there is no perfect solution to this problem given the bussing challenges all schools have faced. Please join me in taking other routes to avoid this area when traveling to and from the neighborhood during school dismissal. We can all do our part to help.

Finally, I am pleased to report that AT&T has submitted for a permit to install fiber optic cable in the sections of the neighborhood that receive their utilities via overhead power lines. So many of you have been patiently waiting for this for years. Stay tuned for more details on when and where the cable will be installed and become available for installation.

Sincerely,
Louie Schweickhardt
