Creating greener communities nationwide

TREE CITY USA®
An Arbor Day Foundation Program

Cooler temperatures. Cleaner air. Healthier residents.

The benefits trees bring to urban environments are endless — and by meeting the four Tree City USA standards, your community can experience them firsthand.

PROGRAM SUMMARY

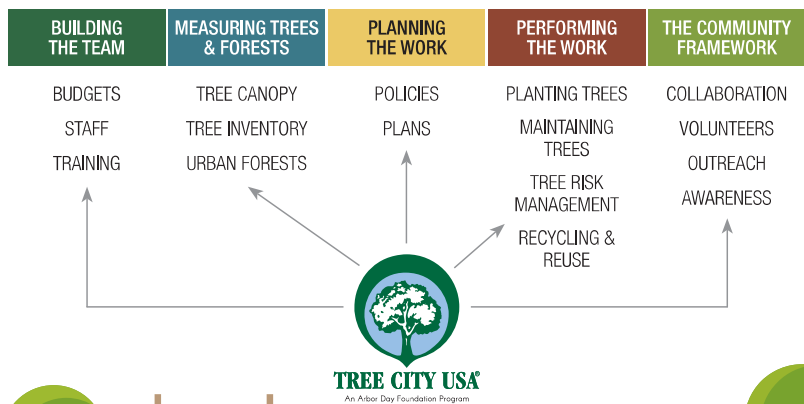

The Tree City USA program was founded in 1976 to celebrate towns and cities committed to growing their urban canopy. Led by the Arbor Day Foundation, with partners at USDA Forest Service and National Association of State Foresters, it provides the foundational framework necessary for communities to manage and expand their tree cover.

Program applications are completely free. Many cities renew their Tree City USA status every year, making them eligible for a Growth Award and other urban forestry opportunities.

THE FOUNDATION OF URBAN FORESTRY PROGRAM DEVELOPMENT

The Tree City USA program has helped more than 3,600 communities across the country build out their urban forests. Recognition forms the base layer for five different areas of growth, including expansion of personnel, financial investment, defined policies and plans, and engagement with residents.
